**Turner County Schools**  
EXCELLENCE IN EDUCATION

“YOSS moved us from a process that was long and laborious to one that is digitalized... we can actually have a purchase order issued and the products ordered within an hour.

## Pre-YOSS Challenges

- ▶ Prior to YOSS, all of Turner County’s Finance, HR, and Payroll tasks were manual, paper-based processes.
- ▶ This led to inefficiencies and issues with tracking down documents, paperwork getting lost, and delays in processing items such as purchase orders.

## Solution and Impact of YOSS

- ▶ Implementing YOSS transformed their processes by digitizing and streamlining workflows. This results in significant time savings, better document management, and improved efficiency in purchasing and HR processes.

## Financial and Operational Benefits

- ▶ The school district experienced cost savings by not having to replace a critical payroll position, not having to add additional staff, and reduced expenses on printing checks and other documents.
- ▶ The platform’s audit trail feature and the ability to quickly find and process purchase orders and invoices were highlighted as significant improvements.

## Satisfaction and Recommendation

- ▶ Turner County Schools highly recommends YOSS.
- ▶ The digitization provided by YOSS is highly appreciated, moving the district from “the dark ages” to modern efficient processes.
- ▶ YOSS’s impact during COVID-19 was particularly noted, as it enabled the district to handle increased workload and funding efficiently.
- ▶ The customer service and people-first approach sets YOSS apart from anyone.

---

“If we’re going to be honest, we saved money on not having to hire additional staff that we would have to hire if we had not invested in YOSS. This translates to YOSS essentially saving the district probably \$150,000 in salary and benefits.

“YOSS’s service is one of the things we love... real life people that really do care and really do want to help us.
