

By implementing The YOSS Platform, Social Circle City Schools digitized manual and paper-based processes while simultaneously eliminating three other software solutions that did not truly interface with PC Genesis.

District Information:

- ▶ Social Circle City Schools is a district comprised of 4 schools, serving approximately 2,000 students.
- ▶ ERP: PC Genesis

Summary:

- ▶ Recently, Gavin Merwin, CTO of YOSS, sat down with Nicole Cross, CFO at Social Circle City Schools to have a conversation around their experience with The YOSS Platform.
- ▶ Prior to YOSS, the district had many manual and paper based processes in addition to three other software solutions, none of which interfaced with PC Genesis.
- ▶ YOSS brought all Finance, HR, and Payroll tasks under one roof.

“We’re really excited to use [YOSS] as [our] one-stop shop... If you ask most employees, they’re like, ‘Thank you!’ Having to enter into different applications and doing different things in different spaces was a lot to ask of them.

Challenge of Manual Processes and Paper Overload

- ▶ Social Circle City Schools described the challenge of dealing with too much paper, which lead to disorganization, slow approval processes, and manual, error-prone tasks.
- ▶ They mentioned the inability of their prior three software solutions to accurately interact with PC Genesis which led to more manual processes, defeating the purpose of having the software in the first place.

Transition to Digital and Integration with PC Genesis

- ▶ Nicole expressed satisfaction with how YOSS enabled a shift from paper to digital processes.
- ▶ She highlighted the true integration of YOSS with PC Genesis, unlike with previous attempts with other systems.
- ▶ Appreciated the reduction in manual employee errors due to the digital shift.

Improved Efficiency and Time Management

- ▶ They have noted significant time savings in processes and the convenience of remote approvals, enhancing workflow flexibility.
- ▶ Praised the one-stop-shop nature of The YOSS Platform, which consolidated multiple systems into one, making it easier for employees.

“Our biggest challenges were too much paper, disorganization, slow approval processes, and everything was just so manual... Now, that approval piece is really nice. People like that they can put it in themselves and managers like the fact that they can go back and see what POs have been done in their history.

“ We have saved so much time in our processes, accuracy... when you're not entering leave manually, you're not making so many human errors... Our most measurable improvement across the board is time.

Ongoing Support and Enhancements

- ▶ Nicole remarked about the responsive support and continuous enhancements based on user feedback.
- ▶ Shared their experiences of initial learning curves but emphasized the ease of use and improvement over time.

Overall Satisfaction and Recommendation:

- ▶ Strongly recommends YOSS for anyone using PC Genesis, highlighting its effectiveness in integrating with PC Genesis.
- ▶ Emphasized how YOSS has made administrative processes more manageable and efficient.
- ▶ Appreciates again the one-stop-shop for all tasks.
